Thriving Workplaces
Norfolk's Workplace
Health Provider

ABOUT US

Our Mission

“

IS TO CREATE THRIVING WORKPLACES WITH A HEALTHY, HAPPY WORKFORCE

“

Part of the Thrive Tribe group our service was born in 2017, we are Norfolk's free healthy workplace provider. We firmly believe that a healthy workforce is a thriving workforce and we're looking for employers across the county and in a wide range of sectors who are as passionate about their employee's health as we are.

THRIVE TRIBE VALUES

BE EFFECTIVE

We seek to deliver high quality results by adopting evidence based methods, encouraging out of the box thinking and remaining open at all times to new and improved ways of doing things.

BE HAPPY

Recognising the power of a smile, we promote a fun, supportive work place and relish the opportunity to engage in truly meaningful work.

BE BIG HEARTED

Being generous doesn't just mean contributing our time and resources to improving people's lives. It's also about the simple things, such as giving one another constructive, honest feedback and taking the time to say thank you.

BE THE CHANGE

We always try to walk the walk, understanding that taking responsibility for our own health and wellbeing impacts upon the quality of what we do and our ability to inspire and influence others.

BE SUCCESSFUL

We love hitting targets and appreciate that we wouldn't be here if we didn't keep our eyes on our KPIs at all times. Ultimately, we want to generate growth, for us and our clients too.

WHY WORK WITH US

We can not only help you improve health outcomes, we can also help you set yourself apart from your competitors, improving retention and recruitment and helping you engender a happier, more productive workforce, with higher morale and better mental health. Not convinced? Here are some more reasons why you should consider working with us?

Mental health conditions are a leading cause of sickness absence in the UK

1 IN 10

of the working age population reported having an MSK

were lost to **STRESS, DEPRESSION & ANXIETY** IN 2017

EMPLOYEES FROM UNSKILLED OCCUPATIONS (52%)

experience long - term conditions more than groups from

The estimated cost to the UK Employers of **MENTAL HEALTH RELATED ABSENCE IS £7.9 BILLION**

PROFESSIONAL OCCUPATIONS (33%)

Each year per employee **6.5 DAYS** are lost to sickness absence in the UK.

This jumps to **7.2 DAYS** for an employee who smokes and **8.2 DAYS** for an employee who is physically inactive.

Presenteeism
(attending work while sick) is valued at an average cost to employers of **£605 PER EMPLOYEE PER YEAR**, due to reduced productivity

The average annual cost to each british business of each **employee with depression** is an estimated **£2,730 PER YEAR**

Smokers' sick leave and smokers' breaks cost UK businesses an estimated **£1,815 PER EMPLOYEE PER YEAR**

1 IN 3 EMPLOYEES

WITH A LONG-TERM HEALTH CONDITION HAVE NOT DISCUSSED IT WITH THEIR EMPLOYER

Serious about your fishing

TESTIMONIAL

We have been extremely impressed with the level of knowledge, professionalism and expertise the Thriving Workplaces employees have and the help and support they have provided us with as an organisation has been invaluable to us.

Rick Stefanetti, Sinclair International

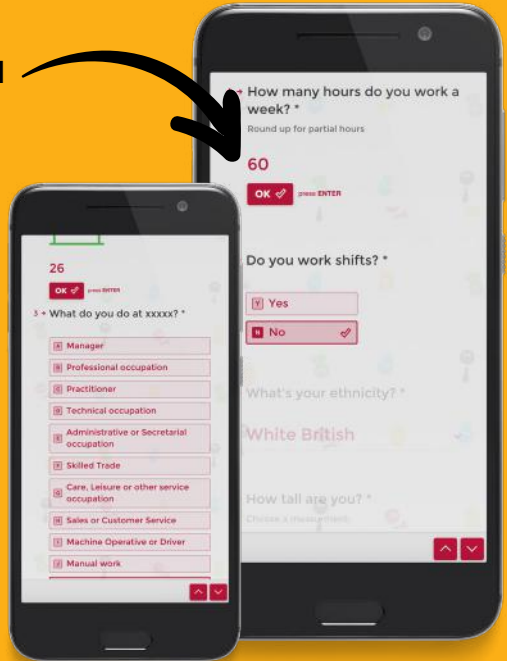

OUR WORKPLACE WELLBEING GAP ANALYSIS

Based on the nationally recognised 'Workplace Wellbeing Charter' developed by Public Health England, we use a slimmer version to give structure and a comprehensive framework to workplace health initiatives.

THERE ARE EIGHT STANDARDS COVERING

- Leadership
- Attendance Management
- Mental Health and Wellbeing
- Smoking Related Ill Health
- Physical Activity
- Alcohol and Substance Misuse
- Healthy Eating
- Workplace Culture

**Confidential
workforce
health
assessment**

OUR ANALYSIS

We believe that effective plans are based on workplace health evidence combined with what matters to your organisation. That way you can prioritise and tailor your efforts and meet your business needs.

OUR WORKFORCE HEALTH ASSESSMENT

We have designed a very user friendly, digital, workforce health assessment that confidentially assesses aspects of individual physical and mental health, as well as perceptions of organisational culture and environment. This assessment generates a confidential, individual report for each employee, as well as an organisational report that will inform health and wellbeing plans.

User friendly

Gives each organisation a summary report

CULTURAL DIAGNOSTIC TOOL

We believe organisational culture has a significant influence over the health and wellbeing of its employees. In partnership with Disruptive HR, we have developed a user friendly digital tool which challenges management thinking and gives each organisation a summary report. The cultural characteristics being assessed are;

- Employee relationship (ie adult to adult, or adult to child)
- Employees as consumers
- Employees as human beings
- The cultural attitude towards health and wellbeing

ADULT

Our people policies are very detailed and specific

Our people policies allow for our employees to use their judgement

A great team, genuinely interested in our organisation and what we want to achieve. They are keen to listen and take on board any ideas and suggestions. They have got some useful products and lots of enthusiasm.

Dee Young, Broadland District Council

MENTAL HEALTH FIRST AID

Less than half

of employees said they would feel able to talk openly with their line manager if they were living with stress.

A **quarter** of people consider resigning due to stress

HOW CAN WE HELP?

- We can help your organisation put workplace mental health on the agenda, help set a clear strategy and promote improvements
- We can provide advice and support with mental health risk assessments, policy writing and implementation in your workplace
- And most importantly, we can provide Mental Health First Aid training

WHY MENTAL HEALTH FIRST AID?

- Give your people the tools to keep themselves and their colleagues healthy
- Encourage them to access support when it's needed, for a faster recovery
- Empower people with a long term mental health issue or disability to thrive in work
- Stop preventable health issues arising by building a supportive culture around mental health
- Embed positive, long term cultural change across your organisation through robust policy

MHFA England

Poor employee mental health is one of the most common problems in workplaces today, and growing research shows the importance of good mental health and wellbeing on our motivation and performance at work. Workplace mental health can include everything from stress and anxiety, to more complex conditions such as depression and obsessive compulsive disorder. A lot of people still find mental health difficult to talk about and organisations may see it as a 'taboo' subject. If this sounds familiar, get in touch with us to see how we can support your organisation.

The training was incredibly informative, with sensitive topics handled brilliantly. I would recommend all workplaces have a MHFA & I would definitely commend Thriving Workplaces for their training and support – fantastic work.
